Dear Sir:

In reply to your letter would suggest that you apply for membership in the American Numismatic Association which organization issues a monthly magazine called the Numismatist. You will find complete information about this organization in the enclosed pamphlet. The Scott Stamp and Coin Company 1 W. 47th St., New York City have just issued a new edition of their catalogue of United States coins, the price of which is \$2.50.

Very truly yours,

Curator
